An Introduction to the Chess in Education Resource Library

A. Purpose

The Chess in Education (CIE) Resource Library is a compilation of documents intended for certified CIE Instructors. Contents come from a variety of sources including teachers, chess instructors, and members of the CIE Coalition – a group of organizations aligned in promoting chess as an educational tool.

B. Content

The contents of the CIE Resource Library (Release 3.0) include:

1. Training Documents from the **CIE Instructor Training – Level 1 Certification** class**.**

2. Chess Learning Centers

3. Lesson Plans

4. Toolbox

5. Other Curricula

6. Research

Access and use of the CIE Resource Library is granted to certified Chess in Education Instructors or to others through special arrangements with Chess in Education - US.

All rights to CIE Resource Library material reside with Chess in Education - US. Users with access to the CIE Resource Library may print or display the materials for training purposes within the schools where they teach. Authorized users of the CIE Library may copy material for their own personal use. Any other copying or distribution of CIE Resource Library material is prohibited.

C. Release Notes

11/30/2021 - Initial Release 1.0

04/25/2023 – Release 2.0

08/11/2023 – Release 3.0

D. Technical Notes

The CIE Resource Library uses Google Drive and requires a Google account for access. Many schools use Google accounts for email, so teachers are able to access the Library through their school email account. An alternative means of access is through a personal gmail account. Contact support@chessineducation.us for additional help.
